Summer is a valuable time for NYLS students to gain hands-on experience, expand their professional networks, deepen their practice area interests, and work alongside other NYLS students and NYLS alumni. For many students, a summer experience can even be a launching pad into the profession when they receive an offer to return following graduation.

## Julianne Bagley 3L Summer Intern, Ladas & Parry LLP

This summer, **Julianne Bagley 3L** served as a Trademark Intern at **Ladas & Parry LLP**, alongside NYLS alumni **Dennis Prahl '89**, a Partner, and **Danielle Weitzman '15**, an Associate.

“From the beginning of the internship, I was immersed in client work,” she says.

## Jasmine Bridges 3L Summer Intern, The Bronx Defenders' Criminal Defense Practice

Just one week into her summer internship, **Jasmine Bridges 3L** was going on the record in court and meeting with clients.

## Nicole Hellman 4L Evening, Krystel Momplaisir 3L, and Emily Ross 3L Summer Associates, Weil Gotshal & Manges LLP

Three NYLS students served as Summer Associates at international powerhouse **Weil, Gotshal & Manges LLP** this year.

The story also includes thoughts on the NYLS community at Weil from partner **Matt Barr '96**, Co-Chair of the firm's Business Finance & Restructuring Department.
