PATRICK QUINN - for defendant - cross - SUMMARY

Sawyer reads testimony that Mary said she met Maynard betw 8:30 and 15 of 9. He says the testimony doesnt refresh his recollection because thats not what she told him.

Patrick spoke to Gallina on May 16, 1969, w/ Terrence O'Reilly present and also a steno. Patrick had a worn statement to the effect that he didnt know where Tony was on the morning in question.

Patrick explains this by saying that he was going on the basis of the facts that Gallina gave. In Patricks mind it was true, but in reality it wasnt the truth. Gallina had given him false facts

~~Sawyer then does a thing w/ Lenefsky's questions at the first trial which try to get to whether the doubt of where Maynard was on the morning in question arose on May 16 or before. It appears in transcript of first trial that he had told his family earlier than May 16 that he wasnt sure.~~

Sayer then reads in testimony from first trial where Pat says he wasn't sure where Tony was on the night in Q 2540.

[On 2542 Patrick says that he made the statement to Gallina because of Michael being in civil jail and also because at the time it was true in his own mind.

Sawyer then reads in testimony from (first trial I think) that probably Lenefsky had asked ~~xxxx~~) saying did you think your statements would help release Michael? No. Did Gallina tell you they would help release Michael? Np.

...

Q: And you recall whether or not you gave a statement to Mr. Gallina in March of 1969?

A: March of 69? Not the first time I went down there. I didn't give him a statement.

~~XXXX~~ - ~~GISELL~~ - PATRICK QUINN - cross

Q: Well, your -- did your sister tell you that he met Mr. Maynard at 8:30 in the morning, in Manhattan or did she not?

A: No, she never told me that. That is what Mr. Gallina said.

A: Becuase that-is what I though it was, 8:30, and that is because Mr. Gallina told me, and I believed Mr. Gallina.

Q: Mr. Gallina told you that and your sister didnt tell you that?

A: No, my sister didnt tell me that. She told me something different after that.

2525 - PARTICK QUINN - for defendant - cross

COURT: ... I would like to know whether you mean it was not the case that you saw Mr. Maynard at 8:30 in ~~in~~ the morning of April the third at your mother's home or it was not the case that your sister met him at Sixth Avenue and 38th Street at 8:30 in the morning.

WITNESS: That my sister met him at eight-thirty in the morning.

COURT: That was not the case?

WITNESS: Right. She met him about nine-fifteen or so.

2556 - PATRICK QUINN - for defendant - REDIRECT

COURT: If Mr. Gallina told you that your sister met Mr. Maynard at 8:30 on Monday morning, April the third, 1967 did you assume that that was correct?

A: I assumed that he was telling me the truth.

...

Q(MEYERS) : And is that why you gave statements that you were not sure qote unquote to Mr. Gallina's question?

A: That is why, and that is -- that was the only basis I changed my testimony, just ona that fact.

2551 - PATRICK QUINN - for defendnat - REDIRECT

Q: You had an interview with Mr. Gallina in March, 1969?

A: For about an hour and a half or two hours.

Q: During this interview, do you^x recall a stenographer being present?

A: I believe there was.

Q: And following your interview on that date, was anything typed up?

A: Not that I know of.

A: (continuing) -- Mr. Gallina tried to convince me, number one, that Mr. Maynard was guilty. And, number two, he tried to get me to sign a statement saying that Mr. Maynard was not at my house on that day. He said that Mary had met Anthony at 8:30 that morning, and that it was impossible for me to have seen him at my home on that day when I left for work.

...
A: (continuing) So he kept on--you know--insisting that he couldn't have been there. And he wanted me to say that he wasn't there. I said I couldn't say that. So finally we came to the conclusion -- he wanted me to sign a statement. So the only thing I could say was I am not sure because he kept on insisting that this is what Mary said. ~~He~~ He went over it for two hours. He kept on going over it again.
