RE: Missing Corvette Lic. LDX-193
Dark Green; Policy 119-47594-0

Dear Sir:

On February 3, 1967, at approximately 3:00 A.M., I gave the 301 East 66 Street doorman the key to my car after securing all doors. According to an agreement which exists between the garage company (Garage Management Associates) and the apartment building, the doorman was responsible for placing my car in the garage at 7:00 A.M.

At 9:30 A.M. of February 3, I wished to gain access to my car, but the garage attendant advised me it was missing. The garage company remains in possession of the car key.

At approximately 10:00 A.M., the 19th Precinct of the New York Police Dept. was notified. Detective Brilla has been assigned. Telephone No.: RH 4-1445.

Enclosed is an itemized list of car accessories and personal possessions contained in the car.
