Date

Refused to eat

July 5* 1971

Dear Lewis:

I am enclosing a copy of note
I've addressed to the Warden.

This morning a Doctor came to my
cell in segregation he asked me why I refuse
to eat I told him & he said "well, I
see no reason why you can't have your own food"
then was countermanded by a Sergeant? so
now he orders 5 of his men to physically
carry me from my cell they carry me about
50 feet to a little room where they strap me
to a barber's chair and start dry shaving
me thus cutting me; at the end of this
I was carried back to my cell & further
threaten. I know the question in your mind is
what does shaving have to do with not eating
I have no idea; but I do get the specific
feeling that I am marked for torture & worst
surely you can get a restraining order
