Dear Judge,

I bought this card on time (last week) but afterwards took a wrong turn down that path of good intentions. Last week I was in the Midwest, visiting my un-
fortunate Mother. She has suffered a very debilitating stroke and is confined to a nursing home. She is in northwest Indiana, near my sister (the U of Chicago editor) and I get back every few months.

I changed firms six months ago, am back in Madrid full time as "Counsel" and IA specialist at Uria Menéndez. Will send you an e-mail with more detail. Hoping all is well with you and Mrs. Miner, to whom I send my best.

you bring the beverages,
I'll bring the ice.

belated (!)
happy birthday

Con cariño,
