Correspondence Between Steel and Maynard (April 14, 1972)

Lewis Steel '63

APR 14 1972

12 April 1972

Dear Lewis, Please

just read the brief (received yesterday)
On a word 'total'

As to your inquiry the earlier the better
since the visiting is close to all at 3⁰⁰ pm daily
I have a question: "This appeal is not being
prosecuted by the appendix method"??

Please know that I am also in receipt
of the books from Orientales + Viking Press
The letter was sent a few lines expressing
my appreciation etc.

Vilini is in good spirits having received
a grant and in spite of having to relocate
after spending so much time & money in her
present studied-living quarters.

Surely Congratulations are in order for your
part in the Harlem 3/ case 'Major' considering
what it knew about how the court system affects
the powerless.

So, Lewis, words can so little, express
your efforts and their omission on this soul
so knowing as I do. Men must work integrally
at whatever the cost.

My regards to all + I'll look forward
to seeing you soon

Peace.
