The road to being a lawyer in the intellectual property field isn't always a clear one. There are trademarks, copyrights, and patents to worry about, but what steps do you need to take now to be prepared to enter the field? The IILP is proud to host **Joseph Farco '08** and **Joseph Kirincich '93** as they discuss the ins and outs of the patent and IP legal field. Do you have a question about the differences between in-house and law firm positions? Do you have an interest patents but are unsure of how to proceed? Join us on March 28, and find out more!
