Presents:

Privacy Issues in Mobile Technology

Wednesday, April 17, 2013

6:00 p.m.–9:00 p.m.

Events Center, 2nd Floor, 185 West Broadway

Privacy law has become an increasingly popular and pervasive field, especially in the field of mobile technology. This panel discusses privacy hot topics such as children's privacy, behavioral advertising, employee privacy, and international compliance.

Join industry leaders as we discuss the interesting issues that companies and consumers are facing today.

Speakers Include:

Steven Bennett – e-Discovery Chair at Jones Day and published speaker on workplace and social media privacy issues

Brian Chase – General Counsel for Foursquare Labs, Inc.

Tom Chernaik – CEO of CMP.LY (The first and only commercial system to address the unique challenges of meeting disclosure requirements in social media.)

Dona Fraser – Vice President of Privacy Online for Electronic Software Ratings Board (ESRB)

Moderator:

Gregory Boyd – Partner at Frankfurt Kurnit Klein & Selz

Transitional and non-transitional CLE credits and CPE credits are available.

Space is limited. Register here: www.nyls.edu/mobileprivacy.

Please register by April 2, 2013.
